Mayor's welcome

Mayor Rick Schultz
rschultz@cityofstjoseph.com
320-260-0393

On behalf of the City of St. Joseph – WELCOME!

We love our community and hope you will enjoy St. Joseph as a business, visitor, tourist or resident.

I appreciate this opportunity to extend to you a warm and hearty welcome.

St. Joseph has something for everyone. We have lots of local dining and shopping here. Choose from a combination of gift, clothing, boutique and traditional shops. You will have no problem finding what you need here, including a great meal at one of our

Schultz

award-winning restaurants – some of the best cuisine in central Minnesota.

For recreation, St. Joseph offers a variety of options. There are multiple parks and Lake Wobegon Regional Trail, Minnesota's 65-mile above-average walking/biking trail. We are home to the Haehn Museum which houses nearly 9,000 artifacts, dating back to 1857, which document the lives and ministries of the Sisters of the Order of St. Benedict.

St. Joseph is home to the College of St. Benedict and St. John's University -the #1 and #2 Colleges in Minnesota for securing jobs. We are also part of ISD 742 – the St. Cloud public school district – and St. Joseph's Catholic School.

St. Joseph is home to a variety of events throughout the year including Joetown Blocks, Joetown Rocks, JoeBoys annual motorcycle run in which all proceeds go to a local individual currently going

through cancer treatment, Millstream Arts Festival, La Jam, Rocktoberfest, Rock-For-Alzheimer's and many more.

I've been a resident in St. Joseph going on 40 years. I've also been mayor for the past 14 years. In that time, St. Joseph has grown larger, yet maintains that 'Norman Rockwell' image.

The City of St. Joseph is a caring community where neighbors support each other and where families grow and prosper in a safe and healthy environment. Please enjoy yourself whether you are here for a brief time or choose to make this your home. When you visit, we hope you will experience the warmth and hospitality of our community and return many more times. If you choose to make St. Joseph your home, we hope you will not only feel community pride but will also come to fully appreciate the value of being part of our city.

Pedestrian delight

The first place visitors might want to stop in St. Joseph is the Government Center, 75 Callaway St. E. Brochures, guides and maps are available free of charge.

A pedestrian's delight

St. Joseph is proud of the many interesting and beautiful places it offers both residents and visitors. The city is exactly the right size for a leisurely stroll that takes in many sites and historical points of interest. In fact, many of St. Joseph's most beautiful areas, such as the lush green college campus with its nooks and crannies of quiet restfulness, can only be seen and appreciated during unhurried strolls. The following are just a few of the city's attractions:

College of St. Benedict

37 S. College Ave.

The campus right in the heart of downtown St. Joseph includes an intriguing blend of Old World-style and modern architecture. Visitors can enjoy lunch at the Gorecki Dining Center, stroll the tree-lined walkways, visit the museum and maybe even take in a play or other cultural event at the arts center. For more information about what the college has to offer, call 320-363-5011.

Sacred Heart Chapel

St. Benedict Monastery

On the grounds of the St. Benedict Monastery just off Minnesota Street (St. Joseph's main street), the Sacred Heart Chapel is a beautiful, quiet retreat from the busy world. Many visit the domed structure and its cloistered rooms to pray or meditate in its silent hush made soothing by filtered light and timeless stone architecture. Many visitors remark on the pervading sense of inner peace they experience while visiting the chapel. Tours and information are available by calling 320-363-7100.

Art and Heritage Place

St. Benedict Monastery

Art and Heritage Place, Haehn Museum and Whitby Gallery, 104 Chapel Lane, are also on the St. Benedict Monastery grounds, just west of the Sacred Heart Chapel. The building includes spacious galleries that specialize in showing exquisite Benedictine artworks and historical exhibits. Its gift shop offers crafts and art made primarily by Benedictine sisters. For more information, call 320-363-7098.

Libraries/Art Center

Visitors might want to check out the superb libraries in the area, including the Clemens Library at the College of St. Benedict and the Hill Museum and Manuscript Library at St. John's University. The latter contains the most complete collection of originals and copies of manuscripts from the Medieval Age and is a magnet for medieval scholars throughout the world. Visitors should also be sure to check out the Benedicta Arts Center, which offers stimulating plays, concerts, poetry readings and other arts events throughout the year.

St. John's University

Located five miles west of St. Joseph just off Interstate Highway 94, this great "cousin" of the College of St. Benedict is also a perfect place for a stroll among its ivy-covered buildings and its spectacular landscape of hilly wooded land. The autumn leaves around the campus are so blazingly beautiful they attract people from far and wide. For more information about the university, call 320-363-2011.

Abbey Church

The bell tower of this church rises magnificently – massive yet graceful – above the treetops and buildings of St. John's University. Designed and built by the pioneering architect Marcel Breuer in the mid-1960s, the church is world-famous as a masterpiece of the cantilevered style. Its stained-glass windows alone are worth a trip to see it.

Church of St. Joseph

This Catholic church in the heart of downtown St. Joseph was constructed more than 150 years ago with stones hauled from parishioners' fields. It's the oldest consecrated Catholic church in Minnesota and still meets the needs of the 1,200 parish families today. A parish center was added in 2013 and connects the church and the school building that houses St. Joseph Catholic School. The parish center made possible a wide expansion of social events on the church grounds. For more information, call the parish office at 320-363-7505.

Wobegon Trail

Completed in the spring of 2004, the Lake Wobegon Trail now extends all the way from St. Joseph to Sauk Centre with a northern link to Holdingford and beyond. In early summer 2004, a beautiful Welcome Center, which resembles the style of an old train station, was built at the start of the paved trail. Local residents and visitors from far and wide love to use the trail for hiking, biking, in-line skating and, in the winter months, snowmobiling and/or cross-country skiing. Winding through beautiful scenery, the trail has become the pride and joy of the cities it connects. Built on an abandoned railroad bed, the trail was named for writer Garrison Keillor's mythical Minnesota city. Keillor was present at the dedication ceremony when the trail's first extension was built from Sauk Centre to Avon. A connection to Waite Park was completed in 2018.
